## WHAT WE DO

We believe that access to nutritious food is a fundamental human right. Therefore, we are committed to responding to the needs of our community through food distribution and support services. We value respect, compassion, and honesty in all interactions and activities.

Our mission is to serve by providing a place where all in need can come for relief from hunger and find acceptance while being assisted in finding other resources for their needs.

We believe that eliminating food insecurity results in poverty reduction, economic growth, job creation, improved health, and enhanced society.

## WHO WE SERVE

We are a non-profit 501(c)(3), all-volunteer food pantry in Baltimore City, Maryland. Hunger isn't seasonal or selective. We serve all who enter our center in need of food and are dedicated to improving the lives of the people we serve. We focus, however, on the homeless and low-income individuals and families in the southwest Baltimore metropolitan area.

We operate in partnership with the Maryland Food Bank to empower individuals and families to achieve self-sufficiency and improve their quality of life. We offer respect, compassion, and hope.
